

## PHILIPPINE LIBERICA COFFEE IN SWITZERLAND!

08 June 2022 – The Philippine Coffee variant Liberica will be available in Switzerland! Starting Wednesday, 15 June 2022, coffee enthusiasts and aficionados, and coffee curious and interested clients can try the Philippine coffee variety at BlaserCafé's Rösterei Kaffee und Bar in Berne (Güterstrasse 6; Gurtengasse 6; and Schanzenstrasse 1).

**Terroir** [PHL], a single estate coffee that is 100% traceable from Alfonso, Cavite will also be available in Loeb and maybe ordered online at: <https://kaffeezentrale.ch/de/suesses/>.

Known in the Philippines as *Kapeng Barako*, the Liberica coffee beans are known for their unique aroma, which is both floral and fruity, strong and often smoky in flavor.

The entry of Liberica was made possible through the partnership between the Philippine Embassy, the Department of Trade and Industry's Philippine Trade and Investment Center (PTIC), as well as Blaser Café AG.

Take a sip and enjoy the strong *barako* taste of Philippine coffee!
